

Cancel permit

In this guide you will find information on how to cancel an animal experiment permit in AIRD.

Step 1.

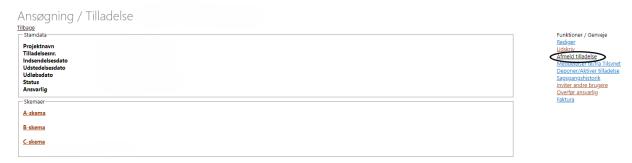

Go to the AIRD website via this link: https://dyreforsoegstilsynet.fvst.dk/Pages/default.aspx

If you cancel an animal experiment permit in AIRD it cannot be activated again.

Log on with MitID.

Step 2.

Select the permit you wish to cancel. After this you must select "Afmeld tilladelse" in the menu on the right.

Please note that only the permit holder can cancel a permit.

Step 3.

Please note that a permit cannot be canceled until information about the use of laboratory animals for the current year has been submitted.

Step 4.

When data on the use of animals have been reported a cancellation can be submitted.
